Portable devices.

Staff may be provided with portable devices such as laptop computers, tablets, smartphones, eReaders, etc. In addition to the regulations above, due to the nature of portable devices, there are some specific guidelines for use of portable computing devices.

Approval of specific exceptions:

Exceptions to the Staff computer policy may be granted. The need for the exception must be clearly documented (i.e non-standard equipment for a specific purpose) and be acceptable under the law. Exceptions will be granted by the IT manager, in consultation with one or any of the school principal(s) involved, the superintendent, and the IT steering committee.

Privacy and security statement

All communications are subject to Privacy legislation (FOIPOP and PIPA) as well as other CISDV policies.

By law in Canada, all business-related communications are property of the business (CISDV, in this case) and though there is some expectation of confidentiality (that communications will not be re-diverted or used inappropriately), they cannot be considered truly private.
